PLANTATION

The date of July 26, 2013 is a date that will be remembered by all Mallorcan people. A forest fire became so large it began devouring one of the major green spaces in Mallorca.

THE DEVASTATING FIRE

The devastating fire affected an area filled with pines and holm oaks and burned more than 2.400 hectares.

Serra de Tramuntana was declared World Heritage Site by UNESCO 2011.

Big virgin spaces that were covered by the pine groves, cliffs and areas of the coast still have the aspect of a lunar, gray, black and naked scenery. Ancient fields of secular olive trees remained carbonized.

Old fields of secular Olive Trees became carbonized and charred.

For the extinction of the fire 29 air means and 800 persons had to become involved: members of Civil defense and emergencies, firemen, brigades of reinforcement sent by the Government, the Military Unit of Emergencies (UME) and air means facilitated by the Defense Department, 10 hydroplanes Canadair of the Air force and 1.300 volunteers of Civil defense.

Two years after the fire, thanks to several platforms including GEOHolder, 231 hectares have been restored, and have implemented conservation systems like those proposed by GEOHolder with its exclusive sponsorship system.

Thanks to your Sponsorship, you help us to plant new Olive Trees and take care of Centennial and Millennia Olive Trees. You will also be able to enjoy the scenarios of the Serra de Tramuntana in all its natural beauty.

In Mallorca there are many people involved in the conservation of the environment. We realize the need to continue the reforestation of our main supply of oxygen in one of the most beautiful places in the world.

PRODUCTIVE PLANTATION

HELP US TO PLANT YOUR OLIVE TREE*

We chosen Olive Trees to plant and reforest the Serra de Tramuntana because in addition to producing oxygen, they produce fruits which generates wealth and promotes quality tourism and gastronomy.

You can help us by planting your own Olive Tree, which will create a memory of your life forever and will be a symbol of life for the future.

* For groups from 40 people.
